22 **SEC. 531. FINDINGS.**

23 The Congress finds as follows:

24 (1) Major shipping traffic is increasing through
25 the Bering Strait, the Bering and Chukchi Seas, and

1 the Arctic Ocean, and will continue to increase
2 whether or not development of the Outer Continental
3 Shelf of the United States is undertaken in the fu-
4 ture, and will increase further if such Outer Conti-
5 nental Shelf development is undertaken.

6 (2) There is a compelling national, State, Alas-
7 ka Native, and private sector need for permanent in-
8 frastructure development and for a presence in the
9 Arctic region of Alaska by appropriate agencies of
10 the Federal Government, particularly in proximity to
11 the Bering Strait, to support and facilitate search
12 and rescue, shipping safety, economic development,

19 known as Point Spencer, located between the Bering
20 Strait and Port Clarence and adjacent to some of
21 the best potential deepwater port sites on the coast
22 of Alaska in the Arctic.

23 (4) Prudent and effective use of Point Spencer
24 may be best achieved through marshaling the en-

1 ergy, resources, and leadership of the public and pri-
2 vate sectors.

3 (5) It is in the national interest to develop in-
4 frastructure at Point Spencer that would aid the
5 Coast Guard in performing its statutory duties and
6 functions in the Arctic on a more permanent basis
7 and to allow for public and private sector develop-
8 ment of facilities and other infrastructure to support
9 purposes that are of benefit to the United States.
